QUICK HOOK
PRODUCT INFORMATION BROCHURE

PICTURED: QUICK HOOK IN USE

Checkers™ Cable Management offers the most extensive line of high performance cable/hose protection products in the world. These durable cable protection systems provide a safer method of passage for pedestrian traffic, vehicles and heavy duty equipment while protecting valuable electrical cables, cords and hose lines from damage.

To fit the needs of a wide variety of applications, we offer hanging, lidded, drop over, open top, and low profile options constructed from polycarbonate, all-weather polyurethane, and rubber.

- World's largest cable protector manufacturer
- Checkers™ cable management systems are manufactured in the USA in Broomfield, CO
- Polyurethane construction is lighter and more durable than rubber imitations in extreme weather conditions
- Universal safety colors alerting all type of traffic to the product's presence
- Satisfies state and federal regulations
- Customized solutions, including logos molded into the product
- Multiple-channel options so each cable and hose can have its own dedicated channel
- Non-conductive material insulates and protects cords/cables, as well as people

LINEBACKER® QUICK HOOKS provide a safer working area for vehicles and pedestrian traffic while protecting valuable electrical cables and hose lines from damage. Linebacker's first elevated cable protector, the Quick Hook allows workers to easily hang cables above a work space, keeping the cables and workers safe, all while reducing jobsite clutter and trip hazards.

Material: Polycarbonate

- Keeps you in compliance with over 15 cord related OSHA regulations
- Holds up to 80 pounds
- Installs in seconds
- Non-conductive
- Can be hung with hook or screwed in place
- Only available in orange

⚠ WARNING: This product can expose you to chemicals including Isopropylidenediphenol and Methylene Chloride, which are known to the State of California to cause cancer and birth defects or other reproductive harm.
